business class.....

Model #4326 -FL  
in Staccato Black  
with High Back and  
Fixed Lumbar option

Model #4527-HR  
in Prague Blueberry  
with High Back  
and Headrest option

A proven favorite, the Marathon was designed to provide the ultimate contour fit with lumbar support, and extensive personal adjustments. Our flagship multi-task chair, the Marathon has been specifically engineered to support most users between the 5th and 95th percentiles.

Classic stitching details compliment the choice of nine available seat sizes, with High Resiliency or Energy Absorbing foam options. The same care to stitching is applied to the sculpted back, which is available in two sizes. Choose the “fixed lumbar” option and your Marathon chair comes with an enhanced lumbar support that is soft, yet supportive.
