

# Sierra

business class.....

Model #14321

Model # 14531  
in Staccato Real Red  
with Integrated Headrest option

The Sierra was specifically designed for exceptional lumbar support to compliment an often-unrecognized requirement in form and seated posture. Sierra is the chair of choice for those individuals with a pronounced lumbar. The enhanced support is achieved by dramatic sculpting in the lumbar region with tapered support through the mid-back and thoracic regions. The Sierra is available with stitching detail on the back and on all nine seat pan options. The multi-tilt and knee-tilt mechanisms come equipped with an integrated integrated seat depth adjuster. The fully integrated neck support option enhances the stylish looks of this chair.

INNOVATIVE IDEAS IN WORKPLACE COMFORT
